

## Edmonton Police Expansion Seen

### Chief Optimistic Over Future Plans

A program to build up Edmonton's police department will be started in the near future, Chief Constable Reg Jennings intimated to more than 300 persons at the 18th annual Police Association ball in the Macdonald hotel last night.

"Negotiations to acquire property so an addition can be made to the police station will soon be underway," said Chief Jennings.

He did not say how extensive the program would be, but reassured the group that a bigger force would soon be a reality.

#### PRAISES GROUP

Chief Jennings also told the group that city commissioners and department heads received nothing but utmost co-operation from the police association.

"The association is the constables' assurance of fairness," he remarked.

Assistant Commissioner A. T. Reicher, commander of RCMP K division barracks, thanked police for co-operation given during the year.

Alfred Lohne sought to be elected to the position of president of the association.

designs . . . others of gilt and silver metal

for last. Shown in pink, pale blue, white,

black, brown and navy. Priced 3.29 to 25.00.

## Police Forget Weary Feet at Annual Ball

CUTTING neat figure on ballroom floor last night at Police Association ball in Macdonald hotel are Chief Constable and Mrs. Reg. Jennings. Among others who attended were Mayor Sid Parsons, Magistrate A. L. Millar and Magistrate J. McCulla.

RELAXING after banquet sponsored by Police Association in Macdonald hotel last night is Constable Jake Brouwer and Miss Jocelyn Cote. They were among nearly 150 couples who attended.

DEPUTY police chief, Alex Riddell chats with Mrs. Riddell while taking time out for breather at policeman's ball. Policemen heard chief tell of possible expansion in force.

## RIDER FALLS FROM TRUCK

Louise Brauchamp, of Ann's Rooms, was admitted to General Hospital today after she fell from a moving truck.

James Giesby, the driver, told police that he was making a U-turn at 107 street and Jasper when the right side door opened and Miss Brauchamp fell out.

## Tram System Comes Near Peak Times

Edmonton Transit System came within 23¢ of breaking even on its October operations—the best showing since peak wartime earnings.

September's deficit of \$993 has thus been squandered, bringing total deficit to date this year to \$2,887. Comparable figure a year ago was \$161,959.

October revenue rose to \$222,789 from \$201,628 in September, bringing 1948 accumulated revenue to \$2,080,130. Last year revenue to Oct. 31 was \$1,830,075.

October expenditures were \$223,076, compared with \$202,621 in September. Total to date this year is \$2,101,387, compared with \$1,988,034 a year ago.

Passengers carried during October jumped to 1,194,617, against 1,376,210 in September.

## Council Follows Usual Procedure

City business is so heavy that council may have to hold its second December meeting on Wednesday, Dec. 28, rather than cancel it, Mayor Sid Parsons said today.

The mayor was commenting on observation this year of Christmas on Monday, Dec. 21, and the fact that Calgary city council has cancelled its second meeting.

## Disaster Plan Nation Wide

Any effective "civilian disaster plan" to cope with bombing or aerial attack in Edmonton would have to be part of a nationwide master plan, Mayor Sidney Parsons said today.

He was commenting on a report of disaster plans in Montreal, Vancouver and other large Canadian cities.

Mayor Parsons observed that Edmonton is fortunately situated in that it is not in the path of violent storms or floods. An adequate plan to cope with a river flood could be effectively carried out on 24 hours notice, he said.

## Service Men Get Long Holiday Leave

Members of units of the three armed services in Edmonton will get four days' special leave before either Christmas or New Year's.

Married men will be given preference for Christmas leave but, where possible, a choice will be given.

Extra time will be given those with long distances from home. Parties will be arranged for servicemen spending Christmas in barracks.

A. E. Morson, a native of Toronto, has been appointed manager of Imperial Oil's general traffic department, succeeding the late W. E. Kleinsteiber. Mr. Morson, who served with the R.C.A.F. in the First World War, joined Imperial in 1917. He has been with the traffic department since 1928. (Adv.)

## Grainger Is No Ranger And Never Heard of Oil

### ODD THANKS

### FROM PUPIL

CALGARY, Nov. 30.—(BUP)—Alberta's provincial geologist, Jack Brown of Edmonton, gave an address on rails to a group of school children recently. He said he later got a letter of thanks from one student, who ended by saying: "We did not know what a rat looked like until you came."

## Heavy Claim After Blast

A statement of claim totaling more than \$100,000 against Altaba Insurance Ltd. was entered at Edmonton court house.

Plaintiff is Max W. Cowan, widow of Nettie Cowan, 35, who died as a result of an explosion and fire which destroyed their Altaba store building and stock Dec. 26, 1946.

The claim is based on alleged negligence in inspecting and correcting faulty gas feedline piping in the store basement.

## Pioneer Coast Executive Dies In Vancouver

VANCOUVER, Nov. 30.—(CP)—Charles E. Mahon, 79, a pioneer citizen, died today in hospital.

He was a former alderman, a member of the police commission, and as an insurance executive was prominent in business circles.

Mr. Mahon was a native of Bruce County, Ont., and a past-president of the Bruce Old Boys' Association. Two years ago he arranged the trip of Bruce County folk from Western Canada to their birthplace.

He is survived by his widow, three sons and three daughters.

## Premier Reports On Rent Control

Announcement of Alberta's stand on rent control and housing problems is expected shortly from Premier E. C. Manning.

The topics were discussed at yesterday's full session of the Alberta Social Credit government fall caucus.

## DRIVER WHO RAMMED BLOCKADE SUSPENDED

Stanley Henning, 8820-10 street, was fined \$60 and had his driver's license suspended for four months.

Henning was charged with driving through a barricade at 318 street and Kinross avenue on Nov. 6 at nearly 40 miles per hour.

Barricade had been set up while police and Dr. M. M. Cantor, pro-

secutioner, were examining a traffic fatality.

Constable McIntyre on cross-examination from defense counsel Charles Grant admitted that enough proper equipment is carried by police for accident investigation work.

Magistrate A. L. Millar before passing judgment said: "I am satisfied that all the factors of dangerous driving were present."

# Union or Ruin Is Monty View of West

Irish-born General Insists U.S.  
Protection From Invasion Vital

NEW YORK, Nov. 30.—(UPI)—The western democracies face the choice of uniting or seeing the end of western civilization, Field Marshal Vincent Montgomery said in the most important speech of his current American visit.

"Monty," most colorful of Britain's wartime heroes, spoke last night as commander-in-chief of the Western Union to the English-speaking union of U.S.A.

"The peoples of western Europe must be protected against invasion, not just today but tomorrow after it," Montgomery said.

"The point that is fundamental is that to promote to rescue the west in due course after a successful invasion from the east is quite useless. If the threat is serious again, that is the end of the people who live there, the end of western civilization and the end of a good many other things, too."

Montgomery said that "economic weakness leads to military weakness."

**FUNDAMENTAL PROBLEM**  
"The fundamental problem in the world today is whether the western democracies can co-operate for a common purpose and gain strength through unity, reconciling their unit with the problems of their own empires or overseas territories," he said.

"We are witnessing a switch-over in human affairs such as the world has not seen since Roman days," Montgomery warned. "While in this state, the world is fertile soil for the spread of alien ideologies and doctrines such as are contained in Communism."

**Reform Bill Law  
Despite Lords'  
Third Rejection**

LONDON, Nov. 30.—(Reuters)—The House of Lords yesterday rejected a bill to reform the House of Lords by a vote of 110 to 77.

The bill was the third time the Lords has rejected the parliament reform bill which reduces the power of the peerage to elect legislation passed by the House of Commons from two years to one.

The bill will automatically become law next month despite the Lords' opposition since the House of Commons has approved the reform measure three times in two years.

In vast stretches of eastern Pakistan there is hardly a hill or even a rock visible for miles.

# ROSE BY ANY OTHER NAME SMELLS SWEET

MOSCOW, Idaho, Nov. 30.—(UPI)—Mayor R. K. Bunker today laughed off the idea that his college team should change its name to honor the city.

"I think we'll get along all right with the name of Moscow," he said. "We get letters all the time from people all over the country ranging from the college level to the city level to change the city's name. But nobody who lives here seems to mind it and I think we'll keep it for a while."

The mayor's comments came in answer to an editorial in a Blomfield, Idaho, newspaper (The Daily Bulletin) suggesting that residents have re-named their city because of "grave international implications."

# Israel Pledge Seen Empty

By NORMAN ALSTEDTER  
LAKE SUCCESS, N.Y., Nov. 30.—(UPI)—Canada today called on Israel to fulfill her obligations to the United Nations in connection with the future of Jerusalem.

Gen. A. O. L. McLaughlin, head of Canada's permanent delegation to the UN assembly's 30-member special political committee that Progressive Conservative leader George Drew said last night.

"By ignoring created hardship, confusion and grave injustice to all concerned by its arbitrary and uncertain handling of rent controls, the government now tries to find a way out through the back door from the chaos it has created," he said.

"It is going to ask the supreme court Dec. 1 to say whether it had a right to do it earlier this month."

The government's recent action on rent controls was not in line with what had said last June "when the government was asking your support with the claim that it along offered any assurance that there would be no relaxing of rent controls," Drew said.

Geologists say that the edge of Niagara Falls has receded seven miles in the last 25,000 years.

EDMONTON BULLETIN, Wednesday, Nov. 30, 1948

# End to Foreign Aid Is Demanded by Taft

By Lyle C. Wilson  
WASHINGTON, Nov. 30.—(UPI)—Sen. Robert A. Taft, R.-O., greeted today's bad news from the treasury with a call for balancing the budget by stopping all foreign aid in 1953 on the original Marshall Plan schedule.

The bad news was that the first 21 weeks of the new fiscal year ended with the government spending far beyond its income and setting peacetime records for disposing of public funds.

The spending figure was \$16,748,534,000 for those 21 weeks. That is more than \$3,000,000,000 greater than the cost of government during the same period last year.

Taft agreed with President Truman that we are headed for a deficit of at least \$5,000,000,000 in this fiscal year. In his weekly column contributed to Ohio newspapers, he said Mr. Truman was running a "handout state" administration which would add \$30,000,000,000 a year to government costs.

Taft conceded that there is no hope of balancing the budget at current tax rates even in 1952. But he said an end to foreign aid in 1952 would do the trick without a tax increase.

"The problem before us," he said, emphasizes the idleness of adjusting the so-called fair deal program. Socialized medicine would cost more than \$5,000,000,000 a year and other features of the handout state would add more billions. The Truman farm plan, full blown, might cost another \$5,000,000,000 and universal military training would cost \$4,000,000,000.

Taft urged economies of \$7,000,000,000 annually in 1952 by ending foreign aid and \$2,000,000,000 to \$5,000,000,000 each year by effecting the Hoover commission reorganization plan "exactly as recommended."

Other countries oppose internationalization of the Holy city but Israel proposed that the UN supervise the holy places.

**Deaths Yesterday**  
By The Canadian Press  
OTTAWA—Richard C. Alexander, 73, one of 30 life members in the Engineering Institute of Canada.

BRISBANE.—Frank Arthur Cooper, 77, lieutenant-governor of Queensland.

OTTAWA.—Alexander Moffatt Ross, 64, former Ottawa police chief.

CHICAGO.—Fred W. Proctor, 74, golf editor of the Chicago Herald-American.

BOULDER, Colo.—Mrs. Margaret A. Bartlett, 37, publisher of Author and Journalist, a monthly magazine.

FOUR ALARM fire in Washington, D.C., recently caused \$100,000 damage and swept clothing store. Three upper stories of building were severely damaged as U.S. capital saw one of its worst fires in many months. No one was injured.

# Speeding Motorist Needs Bookkeeper and Lawyer

## Four Hunters Drown In Dam Reservoir

TIONESTA, Pa., Nov. 30.—(AP)—Four deer hunters yesterday were drowned in the murky waters of Tionesta dam reservoir while their companions on shore listened helplessly to their frantic cries for help.

The men were tossed into the 25-foot-deep reservoir when their small motor boat sank half-way across the water.

## All-Night Sale Of Liquor Asked

VANCOUVER, B.C., Nov. 30.—(UPI)—A proposal that an all-night liquor sale be established in Vancouver, awaiting consideration today by city council.

Alderman Archie F. Proctor suggested it yesterday.

He said a similar establishment operated successfully before the war.

By Harman W. Nichols  
WASHINGTON, Nov. 30.—(UPI)—You never know the amount of bookkeeping involved in a traffic fine until you look into it.

Take the case of John C. Robinson of Fort Lauderdale, Fla., who went zipping with his lady at 65 miles an hour in a 55 mph zone.

The driver bowed low before the court, said he was both wrong and sorry.

The judge said he was sorry, too. The damage was \$15—plus. It was the plus which floored Robinson. Here is the official bill of fine and costs in the case:

Affidavit \$25; bill of cost, preparing \$25; Bookkeeping warrant \$25; docketing judgment \$25; filing papers, each \$10; indexing judgment \$10; indictment each, filing \$10; judgment \$15; order arrest \$15; recording \$15; fine defendant \$15; recorder's fee \$10; solicitor \$8; county tax jury findings \$2; state witness \$130. Total \$276.85.

Robinson, who was doing 10 miles an hour over the limit, learned a lesson which he put down as "Don't speed unless you have your lawyer and bookkeeper along."

**Murder Charge  
Is Remanded**  
NAPANESE, Ont., Nov. 30.—(CP)—James Forbush, 32, sickly RAF veteran, yesterday was remanded to Dec. 6 on a charge of murdering his pretty, red-haired wife.

All satin, lined, interlined and chamois lined.

Alderman Archie F. Proctor suggested it yesterday.

He said a similar establishment operated successfully before the war.

- ★ THIRD FLOOR  
*Furs, Coats, Suits, Millinery*

*New Second Floor Fabric Shop*

*New Third Floor Coat Shop*

## WALK-RITE

"Edmonton's Smart Store"

### Help Blind to See Light Ahead

Future of northern Alberta's 475 blind persons will be happier with the opening this week-end of the new \$200,000 residence and service centre in the west end.

Energetic executive officer W. E. Milton of The Canadian National Institute for the Blind here is just moving office records and staff from courthouse basement offices. New two-story brick building will have ample accommodation for homeless blind persons, occupational workshop, rehabilitation facilities and recreational space.

### Mostly About People

A little little blonde waitress named Kay Winniski has a Christmas shopping problem, (chiefly financial), because she backed Calgary Stampede in Toronto.

But Kay, who dwells 'em off a very dainty arm in a downtown edifice, is game to the core. "I'd do it again," she avers.

Blacks from the big football epic is TCA's Doug Stewart. He thought Calgary "magnificent in defeat." Sitting near him in the stadium were Edmonton's prominent politicians, Doctors Orr and Anderson.

KAY WINNISKI

Who is better qualified to write an "early history" of Edmonton, than W. Ormsby, still an active business figure after 57 years of residence here? Mr. Ormsby says he's going to write the "real story" of Edmonton one of these days.

Of course Junior Avenue barberman Bill Craig passed around the cigars yesterday. It was a boy, weighing nine pounds, seven ounces and healthy as all get out. Mother's just fine too.

Three thirty American visitors were happy when they spotted "Vita Bar" lettered on the window of Edmonton's only fruit and vegetable juice health food emporium. The customers ordered three highballs from owner-bar tender Mrs. Marion Price but had to settle for a carrot-juice blowout. The word "Vita" can be misleading.

One of Edmonton's veteran sports-social organizations is the women's Tea Time five-pin bowling league under President Mrs. Pearl Wanshott. It was organized 20 years ago with 12 members and now has 10 teams and 100 members. Two originals still going strong are Mrs. C. P. McLaughlin and Mrs. Victoria Bird.

It was a pleasant surprise indeed for Harold Simson, accountant over at the MacDonald Hotel, when co-workers Mary Scullion and Hazel Gardie remembered his birthday Monday. The girls said "Happy Birthday" with a lovely cake with thick frosting and light candles.

Yellow Cab Co. fleet in Edmonton is being self-policed. Company has placed Ormand Horton in charge of specially-equipped radio car that prowls city streets checking on Yellow drivers who break speed laws and other traffic regulations.

### Miscellaneous

Whatever comes of that season we used to call winter? J. J. Williams of 10664 120th street, called to say pussy willows, (certain sign of spring), are flourishing in his front yard. The spring-like weather has one drawback. A great many people have colds. Health authorities advise muffling coughs and sneezes in a disposable handkerchief and burning tissues after to lessen spread of respiratory diseases.

People can get into unnecessary trouble by attempting to change a will after it is signed. A helpful Canada Trust bulletin points out that an alteration in a will is completely without effect unless it is made before the will is signed.

Railways in Edmonton have both Strong and Delicate employees. Harold Strong is a checker on the CPR. Peter Delicate is a clerk with the CNR.

Canada's most official (not necessarily prettiest), airline stewardess is going to Hollywood to compete in Queen of the Airlines contest sponsored by Los Angeles Chamber of Commerce. I'm told by TCA's chief of traffic here, John S. Galt.

Had a note from that cheeky senior officer before demanding that I publish his latest joke about the fellow who said he wouldn't do any work if it didn't take up too much of his time. There was this postscript: "I hear you're everything in your column."

Nearly everybody has an item about how our new found oil money should be spent. Suggestions for date ranged all the way from new hospitals to old pension funds and better roads. Now Edmonton gamblers chip in with a suggestion. Hold sweepstakes with the oil dough and make a bunch of new millionaires in a hurry.

Any other ideas?

**HARD DAYS' WORK** Deserves a good dinner, members of the Alberta Fur Breeders' Association demonstrated last night at their 32th annual banquet following a heavy afternoon of nursing and judging more than 800 fur-bearing animals. Deputy Minister of Agriculture, O. S. Johnson, presided. The banquet was held at the Hotel Macdonald, with Judge N. C. Boyd of Vancouver, while-nomination president, Hugh J. Montgomery, Wetaskiwin, preparing to start the banquet.

### Colorful Mutation Mink And Tame Beaver in Show

By VICTOR O'NEILL

Edmonton Staff Writer

Edmonton's 32nd annual banquet, held last night at the Hotel Macdonald, was a high level and low level affair as at a point where it has joined others in identifying the province favorably in many parts of the world.

Deputy Minister of Agriculture, O. S. Johnson, presided at the 32nd annual banquet of the Alberta Fur Breeders' Association held last night in the Conna hotel.

Top winners in mink entries were well divided across the province with Edmonton getting its share.

Standard adult males: First, S. O. Trillium, Calgary; second, Young Fur Farm, Medicine Hat; third, Montgomery Fur Farm, Wetaskiwin.

Standard kitten males: First, H. Quail, Round Hill; second, H. Lahl, Wetaskiwin; third, J. U. K. Gibson, Edmonton.

White adult males: Gorman's Fur Farm, Edmonton.

Standard female adults: First, J. W. K. Gibson, Edmonton; second, H. Lahl, Wetaskiwin; third, J. U. K. Gibson, Edmonton.

White adult females: L. O. Smith and D. C. Strickland.

**MUTATION SAPPHIRE**  
In the mutation breed classes of mink there were several exhibitors of quality as well as many other beautiful specimens on display at Tuesday afternoon's show.

Two new varieties of mink, the paleone from the Caine Farm, and the light from the Pine Crest Farm, were shown.

Standing next to a mink was a tame beaver, the entry of domesticity in the fur show. The beaver consisted of two large registered tame beavers and two of their captivated offspring.

The banquet was presided over by chairman Hugh J. Montgomery of Wetaskiwin.

### POLICE HAD SAME IDEAS AS MITCHELL

Ald. Fred Mitchell asked the police to crack down on motorists speeding through school zones.

Police obeyed promptly enough and the first to get a ticket yesterday was Alderman Mitchell.

Said the alderman: "Guess I was thinking of something else."

### Wives at Fur Show Delight in \$7,500 Mink

It's probably just coincidence that the Alberta Fur Breeders' Association opened its 32nd annual show at the Hotel Macdonald last night.

Standard kitten males: First, H. Quail, Round Hill; second, H. Lahl, Wetaskiwin; third, J. U. K. Gibson, Edmonton.

White adult males: Gorman's Fur Farm, Edmonton.

Standard female adults: First, J. W. K. Gibson, Edmonton; second, H. Lahl, Wetaskiwin; third, J. U. K. Gibson, Edmonton.

White adult females: L. O. Smith and D. C. Strickland.

### 20 Employees Total 720 Years With Firm

Thomas J. Christy, employee of Esso Canadian Co. Limited for 46 years in among 20 past and present employees whose long service is recognized in the latest issue of the company's magazine, *Esso News*.

The magazine also mentions the Edmonton plant's 128 employees.

**Long Holiday At Christmas**  
Because Christmas day falls on a Sunday, Esso's employees will have a long holiday next year.

Robert Anderson, clerk of the legislature, checked the interpretation of a holiday on a Sunday if it will be observed on Monday, Dec. 26, and Boxing Day on Tuesday.

Observance of the New Year holiday does not come under provincial statute, but provincial government employees already have been told they won't have to work on Christmas day.

The Alaska Highway is 1,425 miles long, with 1,257 miles in Canada.

Who is better qualified to write an "early history" of Edmonton, than W. Ormsby, still an active business figure after 57 years of residence here? Mr. Ormsby says he's going to write the "real story" of Edmonton one of these days.

### Extension For Option On Glenton

### 45-Day Boost Is Given Hotel Property Purchase

Edmontonians may see a multi-million dollar, Glenton Hotel built on 102A Avenue between 80 and 90 streets.

The new agreement replaces one. Total tax exemption will be \$100,000.

Edmonton Bank, to be released later, will be on the bank of \$100,000.

Edmontonians may see a multi-million dollar, Glenton Hotel built on 102A Avenue between 80 and 90 streets.

The new agreement replaces one. Total tax exemption will be \$100,000.

Edmonton Bank, to be released later, will be on the bank of \$100,000.

CHAPTER EIGHT

...I know how it was brought about, by whom or when. A gift was put upon me, and I feel it well a matter of reading up

...and think about the fact that I'm not living in a house that I can't take with me. He pointed the camera back and forth across the smoking lake, and I think of January again.

# OIL

## More Oil Lands Put On Block

By Don Flach

Nine parcels of Woodhead and Stettin oil land are to be made available to Alberta oil companies at a sale of rights to be held December 15. Bids will be purchased under the close of business on that date and will be for the total one-eighth royalty in addition to the one-half royalty on which the land was originally purchased.

Properties on which oil was received in the Stettin area, the northwest area, and the Woodhead area, are to be made available to the oil companies at a sale of rights to be held December 15. Bids will be purchased under the close of business on that date and will be for the total one-eighth royalty in addition to the one-half royalty on which the land was originally purchased.

Nearest producer in the Woodhead area is Imperial Oil. Woodhead No. 12, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Woodhead field and is about 100 feet from the Stettin field.

Second oil well for the Stettin area is the Stettin No. 12, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

TEST FAILURE  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Hudson's Bay Oil and Gas test at the rate of 30,000 cubic feet daily in a test of the Stettin field. The test was completed on November 17, 1940, and the results were as follows:

Class 2 Wheat  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Grain Prices  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Week's Cattle Rates Hold  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Class 2 Wheat  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Dollar Up 1/2 Cent  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

St. Paul Cows, Vealers Steady  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Livestock Traffic  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

Toronto Averages  
The test of the Stettin No. 12 well, which was completed as a 20 producer, has been producing since the completion of the well. The well is located on the north side of the Stettin field and is about 100 feet from the Woodhead field.

## Employment Hits Peak In Canada

Employed, Jobless Rise As Labor Force Increases

OTTAWA, Nov. 20.—(CP)—The number of Canadians employed in the month of October 1940 was 2,000,000, the highest figure since the beginning of the war, according to the latest figures from the Department of Labour.

The number of jobless in the month of October 1940 was 1,000,000, the highest figure since the beginning of the war, according to the latest figures from the Department of Labour.

The number of Canadians employed in the month of October 1940 was 2,000,000, the highest figure since the beginning of the war, according to the latest figures from the Department of Labour.

The number of jobless in the month of October 1940 was 1,000,000, the highest figure since the beginning of the war, according to the latest figures from the Department of Labour.

The number of Canadians employed in the month of October 1940 was 2,000,000, the highest figure since the beginning of the war, according to the latest figures from the Department of Labour.

The number of jobless in the month of October 1940 was 1,000,000, the highest figure since the beginning of the war, according to the latest figures from the Department of Labour.

Like the dog that gets a bad name, many present-day sellers of mining and oil stocks think they are getting picked around for something that happened in the past.

## \$275 Million Housing Plan Passes House

By MEL SUFRIN  
OTTAWA, Nov. 20.—(CP)—Legislation which adds \$275,000,000 to the federal government's housing budget was approved by the Commons last night.

After a peppery question-and-answer session in which Reconstruction Minister Winters was the target, the house gave third and final reading to a bill designed to do these things:

1. Add \$200,000,000 to a loan fund for reducing by half the down payment on new housing.
2. Increase from \$100,000,000 to \$125,000,000 the money available for home extension and home improvement loans.
3. Establish a \$250,000,000 fund for joint Dominion-Provincial low-cost or low-rental housing construction.

The first provision is retroactive to Sept. 21 when the revised housing plan was first announced. The other two provisions came into operation when the bill is proclaimed after being given royal assent.

Five years ago when the National Housing Act was first brought into force, \$100,000,000 was provided for loans in the form of mortgages on new housing.

Since that time \$85,000,000 has been spent. With the addition of \$250,000,000 it means there is a total of \$335,000,000 in the pot for reducing down payments.

As an example of the effect of this provision, the down payment on a \$5000 house could be as low as \$1500 and on a \$12,000 house as low as \$3600. That's about half what it was under the former provision.

The extra reduction is accomplished by a second mortgage which can be paid off over 20, 25 or 30-year periods.

Mexican shipments of blister copper to the U.S. in the first nine months of the current year totalled 75,477 tons.

# Socialist Failure Seen in Housing

## Cabinet Said Pondering Return to Private Capital

By Norman M. Macdonald  
British United Press Staff Correspondent

OTTAWA, Nov. 30.—(BUP)—Some cabinet members who once boasted federal housing aid thought twice today, and wondered whether private capital would do the trick in solving home-building problems.

These sources now believed housing had become the most socialized enterprise in Canada, and that it gave a laboratory demonstration of the failure of socialist policy in action.

The mounting situation was causing the government uneasiness, the sources said. In fact, the administration dejectedly looked back at its former optimism for federal housing and felt cynical.

Now, the government was understood to be gingerly turning over the thought that possibly the only hope of a cure lay in making home building and rental housing attractive fields once more to private capital.

**SOCIALIST FAILURE?**  
The sources were frank in saying that Canada's housing problem could not be solved by socialistic measures.

The cabinet members explained that during and since the war rents have been controlled at unbecomingly low levels; that builders' profits have been strictly limited on any government-assisted schemes; that home financing has been placed on a basis which forces government funds to be used, since private funds will not accept the risk involved.

The cabinet was exploring all ways and means to induce private capital back to the housing field, the sources said.

**POLITICAL EFFECT**  
That was where the recent rent controls fitted into the picture. Apparently the measures were regarded as intentionally a step toward that end, however, the political repercussions reportedly terrified the government and made it cautious about further steps in that direction.

A survey of government statistics showed that home units built in Canada since the war had fallen from 50,000 short of meeting demands.

Immigration and marriages since the war were among the main factors that swelled the demand for homes.

One of several government spokesmen said the bill to put more teeth into the Combines Investigation Act ran into opposition before the Senate committee today to the government delaying action against western bakers until a bill now before parliament can be used in the case.

Arthur May, secretary of the council, said the bill apparently was designed to facilitate the action against western bakers. Justice Minister Garson had admitted this in the Commons.

Mr. May said action has been pending against a group of bakers in Saskatchewan, Alberta and Ontario who have been guilty of price-fixing under the Combines Act.

The government now proposed to try them under a new act for an offence allegedly committed some years before.

**COURT RESERVES**  
The council was one of several groups represented as the government bill to put more teeth into the Combines Investigation Act ran into opposition before the Senate committee today to the government delaying action against western bakers until a bill now before parliament can be used in the case.

# Heavy Winter Traffic Begins At Eastern Port

SAINT JOHN, N.B., Nov. 30.—(CP)—Activity at the all-year port of Saint John quickened today as loading and unloading of eight ocean-going vessels heralded a busy winter shifting season.

The 20,000-ton Empress of Canada will arrive this afternoon on the first of four trips between Saint John and the United Kingdom via Halifax. Her sister ship, the Empress of France, also will make four round trips during the season.

Twelve other ocean vessels are due here within the next seven days (The Beaverhead and Beaverford, last "Beaver" boats to arrive, docked yesterday from London and Liverpool).

## Bakery Sect's Makes Protest

OTTAWA, Nov. 30.—(CP)—National Council for the baking industry objected before a Senate committee today to the government delaying action against western bakers until a bill now before parliament can be used in the case.

Arthur May, secretary of the council, said the bill apparently was designed to facilitate the action against western bakers. Justice Minister Garson had admitted this in the Commons.

Mr. May said action has been pending against a group of bakers in Saskatchewan, Alberta and Ontario who have been guilty of price-fixing under the Combines Act.

The government now proposed to try them under a new act for an offence allegedly committed some years before.

# CBC Revenue Up Millions

OTTAWA, Nov. 30.—(CP)—The CBC's revenue from commercial programs has increased from \$773,521 in 1939-40 to \$2,217,129 at the end of the last fiscal year, it was disclosed today in a return tabled in the commons for John Diefenbaker (PC, Lake Centre).

The return showed that in the fiscal year ended March 31, 1940, revenue from commercial programs was \$773,521.

By the end of the 1944-45 fiscal year the revenue had increased to \$1,625,119.

In the 1947-48 fiscal year the revenue was \$1,854,356, and last year it was \$2,217,129.

## Crash Fatal

COLUMBUS, O., Nov. 30.—(AP)—Robert E. Hoey, 32, veteran sports editor of the Ohio State Journal, died today of head injuries received in a traffic collision Monday night.

Hoey, who was driving a car, was struck by a truck.

Hoey was taken to the hospital but died before he could be operated on.

Hoey was a well-known sports writer and had been with the Ohio State Journal for many years.

Hoey was married and had two children.

Hoey was a member of the Ohio State Athletic Association.

Hoey was a member of the Ohio State Football Team.

Hoey was a member of the Ohio State Basketball Team.

Hoey was a member of the Ohio State Tennis Team.

Hoey was a member of the Ohio State Swimming Team.

Hoey was a member of the Ohio State Rowing Team.

Hoey was a member of the Ohio State Canoeing Team.

Hoey was a member of the Ohio State Fencing Team.

# Supreme Court Free Of Politics is Sought

OTTAWA, Nov. 30.—(CP)—While Prime Minister St. Laurent tapped his desk in approval, John Diefenbaker (PC-Lake Centre) advocated that "political" fitness should not be one of the qualifications for men appointed to the Supreme Court of Canada.

The prime minister applauded, too, as the prairie lawyer argued that the time has come for Canada to have only one court called supreme in name—the Supreme Court of Canada—which is to be raising their salaries when the measure comes before the commons.

Mr. Diefenbaker held that the law should be amended to provide that only that one court be called supreme. This would prevent confusion with decisions by provincial supreme courts.

**CCF PROTESTS**  
As the Commons considered a bill to increase salaries of the court, the CCF protested.

The CCF protested that the bill was a bribe to the court and that it was a violation of the constitution.

# Future Defence Centre

LONDON, Nov. 30.—(AP)—Britain's secret service chief has flown to East Africa to tighten up security in one of the Commonwealth's most strategic regions.

British officials disclosed this Bush-bush note yesterday, they said Sir Percy Silvester, the United Kingdom's No. 1 secret service man, left London by air during the week-end.

Colonial officials long have been worried at a rising state of anti-European tension among the people of East and Central Africa—in territories like Uganda, Tanganyika, Nyasaland, Northern Rhodesia, Southern Rhodesia.

This tension has flared up in Nigeria, on Africa's west coast, in the last 12 days, and already has cost 31 African lives and 36 British soldiers, it is estimated from a strike of African civil miners.

The informants stressed that Sir Percy's mission mainly concerns organization of political security in an area which is assuming an increasingly important military role. They added that there is no evidence of any effective Communist activity in East and Central Africa.

Britain's military planners have chosen Kenya and Tanganyika as the new nerve centre for the Imperial defense set up. The necessity to cut Palestine, cut down their forces in Egypt and give India its independence resulted in this choice.
